SPECIALTY CONSTRUCTION PRODUCTS

1202 HEAVY DUTY CLEANER/DEGREASER

CLEANING AGENT FOR CONCRETE AND MASONRY

P R O D U C T D A T A

DESCRIPTION

1202 Heavy Duty Cleaner/Degreaser is scientifically formulated to remove dirt and grease from plain concrete and masonry as well as treated surfaces.

USES

- Horizontal or vertical, interior or exterior concrete and masonry surfaces
- Removes built up oil and grease, ground in dirt
- Cleaning newly constructed structures prior to turn over to owner or subsequent trades
- As part of standard cleaning and maintenance procedures
- Clean up prior to acid etching or mechanical preparation methods for subsequent coating applications

ADVANTAGES

- Low foaming and free rinsing, does not leave any residue
- May be used in automatic scrubbing machines or with conventional floor cleaning equipment
- Concentrated formula saves shipping costs and is economical to use
- May be used as part of regular maintenance procedures without harming surfaces
- No dwell time necessary, begins to work upon contact

PACKAGING AND ESTIMATING GUIDE

1202 Heavy Duty Cleaner/Degreaser is packaged in 5 U.S. gallon/18.7 Liter pails, shipped 36 per pallet shrink wrapped.

For normal cleaning and degreasing, dilute 1202 by volume 10:1, 10 parts water to one part cleaner/degreaser.

TECHNICAL DATA

- Meets the requirements of the U.S.D.A. for use in federally inspected meat and poultry plants, Classification A-4

Viscosity	Water thin
pH at 100%	13.3-13.9
pH at 10%	12.4-13.0
Active Ingredients	25%
Specific Gravity	1.08
Oven Stability	Passes
Freeze/Thaw Stability	3 cycles

DIRECTIONS

For best results when using automatic scrubbing equipment, use stiff wire or carbon brushes. When using 1202 Heavy Duty Cleaner/Degreaser with hand tools, use very stiff bristle brushes for scrubbing. Brushes break the surface tension and allow the 1202 to penetrate and clean the minute pores and capillaries of concrete and masonry surfaces.

Automatic Equipment: After diluting the 1202 with water, begin scrubbing action in a back and forth motion followed by a second scrubbing action at right angles to first. This double scrubbing action removes the most particulate matter from the surface. Vacuum the used solution and dissolved contaminants. Rinse well with clean, potable water and allow to dry.

Hand Cleaning: Apply diluted 1202 with a mop or sprinkling can and allow solution to soak for 5 minutes. Begin scrubbing with stiff bristle brooms or brushes until surface is clean. Vacuum used solution and dissolved contaminants. Rinse well with clean water and allow to dry.

CLEANUP

Rinse tools and equipment with clean, potable water.

STORAGE

Store pails in cool, dry area. Shelf life is one year from date of manufacture.

CAUTION

Keep out of reach of children. Severe eye and skin irritant. Avoid contact with skin or eyes. Use with adequate ventilation, do not breathe vapors.
