To Whom It May Concern:

[Safe-Cure® Clear DR](#) is a clear resin emulsified in water, single component membrane-forming curing compound. [Safe-Cure Clear DR](#) meets the requirements of ASTM C 309 Type 1, Class B, Membrane Forming Curing Compounds.

The VOC content of [Safe-Cure Clear DR](#) is not <100 g/L when calculated to California Air Resources Board Architectural Coatings Program.

There are no recycled materials used to manufacture [Safe-Cure Clear DR](#).

[Safe-Cure Clear DR](#) is manufactured at 300 Edwards Street, Madison, OH. 44057. If your project falls within a 500-mile radius or $(\text{Distance by rail}/3) + (\text{Distance by inland waterway}/2) + (\text{Distance by sea}/15) + (\text{Distance by all other means}) \leq 500$ miles [800 kilometers] of this location; the product is considered a locally produced material and can help contribute to earning MR Credit 5.1: Regional Materials: 10% Extracted, Processed & Manufactured Regionally 1 Point, and MR Credit 5.2: Regional Materials: 20% Extracted, Processed & Manufactured Regionally 1 Point in addition to MR Credit 5.1.

ChemMasters products by virtue of being manufactured in United States are in compliance with the "Buy American Provision" set forth in the American recovery Reinvestment Act (ARRA) of 2009, section 1605
