Polyseal™ EZ

Bubble Resistant Low-VOC Cure & Seal

Highly bubble resistant, high gloss, non-yellowing, high performance acrylic co-polymer curing, sealing, hardening and dustproofing compound for broom finish and decorative concrete. Darkens concrete and enhances integral colors with outstanding gloss characteristics in a bubble resistant, low-VOC formula. <350 g/L VOC

Certi-Vex® AC1315 SuperSeal

Acrylic Cure & Seal

25% solids, high gloss, non-yellowing, modified acrylic curing, sealing, hardening and dustproofing compound for broom finish and decorative concrete. Provides excellent cosmetics for decorative applications such as exposed aggregate and stamped concrete. Also available in satin/matte finish. <350 g/L VOC

Traz™ 25-A

Methyl-Methacrylate Sealer

Developed for use as a high gloss sealer on pavers, decorative exposed aggregate, stamped concrete and terrazzo stone. Superior resistance to UV light, freeze/thaw, acid rain, staining and water absorption with moderate chemical resistance. Non-yellowing formula. <400 g/L VOC

Stamped & Decorative Concrete Sealer 400-A

A Low-VOC Problem Solver

Specially formulated as a non-bubbling, slow evaporating sealer for stamped and decorative concrete in low-VOC states. Provides 200-300% longer working time during application, is less prone to blushing or whitening from over application, with no residual bubbles in the coating. VOC compliant in OTC and LADCO states, and throughout Canada. Non-yellowing formula. <350 g/L VOC

Certi-Vex® AC1315 SuperSeal Satin

Satin/Flat Finish

25% solids, satin/flat finish, non-yellowing, styrene modified acrylic curing, sealing, hardening and dustproofing compound for decorative concrete. Provides excellent cosmetics when a lower gloss is desired for decorative applications such as exposed aggregate and stamped concrete. <350 g/L VOC

Our Knowledge is ConcreteSM

We manufacture a complete line of specialty products to improve, repair, protect & beautify concrete and masonry. Contractors rely on our experience, knowledge & quality to help ensure success.
